- Ependymoma : *F. Boop (30min)*
- Craniopharyngioma :
 - Neurosurgical management : *A. El Khamlichi (20min)*
 - State of the art : *F. Saran (20min)*
- Discussion (*15min*)

10h30 - 10h45

Break

10h45 - 12h00

2nd session. Moderators : *M. Achouri - A. Benider - A. Madani*

- Low grade gliomas : *E. Bouffet (30min)*
- Medulloblastoma : *I. Qaddoumi (30min)*
- Discussion (*15min*)

12h00 - 14h00

Lunch

Scientific Program

Saturday 6 March

AFTERNOON

Pediatric Brain Tumors

- 14h30 - 15h45** 1st session. Moderators : *Y. Bouzoubaa - M. Harif - E. Bouffet*
- Posters discussion : (discussion of selected posters related to brain tumors) (50min)
- 15h45 - 16h00** **Break**
- 16h00 - 17h20** 2nd session : supportive care and Management of late effects
Moderators : *S. Zafad - F. Alaoui Mseffer - F. Gachi*
- Endocrine dysfunction : *F. Jennane (20min)*
 - Neuropsychological complications : *J. Baker (20min)*
 - Pain management and end of life issues :
J. Baker (20min)
 - Nursing role in BT : *M. Qudimat (20min)*
- 17h20 - 18h00** **Conclusion and recommendations**
- 18h30** **General Assembly of SMHOP**
- 14h00 - 18h20** **Pathology Workshop**
(*T. Tihan, M. Al-Hussaini, M. Bloomer, M. Karkouri*)

Scientific Program

Sunday 7 March

MORNING

Hemoglobinopathies

09h00 - 10h15

Session 1 : Généralités sur les hémoglobinopathies

- Modérateurs : *S. Benchekroun*, *M. Bejaoui*, *M. El Khorassani*
- Epidémiologie des Hémoglobinopathies au Maroc : *M. Khattab* (15min)
- Aspects diagnostiques : *M. Bejaoui* (20min)
- Dépistage : faisabilité et impact
 - Dépistage de la drépanocytose : *R. Girot* (10min)
 - Dépistage de la thalassémie : *I. Thuret* (10min)
- Discussion (20min)

10h15 - 10h30

Pause café

10h30 - 12h00

Session 2 : Thalassémie

- Modérateurs : *S. Afif* - *A. Quessar* - *M. Al Zemmouri*
- Prise en charge thérapeutique de la thalassémie : *I. Thuret* (15min)
- La chélation : *M. Bejaoui* (20min)
- La splénectomie : *M. Khattab* (15min)
- Greffe de cellules souches : *I. Thuret* (15min)
- Suivi au long cours et prise en charge des complications : *I. Thuret* (15min)
- Discussion (20min)

12h00 - 14h00

Pause déjeuner

Scientific Program

Sunday 7 March

AFTERNOON

Hemoglobinopathies

14h00 - 15h20

Session 1 : Drépanocytose : Aspects cliniques

Modérateurs : *R. Dafiri, M. El Andaloussi*

- Les erreurs et errances diagnostiques : *L. Hessissen (15min)*
- Les vasculopathies cérébrales : *N. Allali (15min)*
- Les complications osseuses aiguës et chroniques de la drépanocytose : *H. Gourinda (15min)*
- Prise en charge de la douleur au cours des crises aiguës : *S. Nejmi (15min)*
- Discussion (20min)

15h20 - 15h30

Pause café

15h30 - 16h50

Session 2 : Drépanocytose : Aspects thérapeutiques

Modérateurs : *L. Hessissen, S. Zafad, M. Mikdam*

- Les échanges transfusionnels : indications, résultats et complications : *R. Girot (15min)*
- Drépanocytose et infections : Prévention et traitement *M. Bejaoui (15min)*
- Hydroxyurée : *R. Girot (15min)*
- Aspect psychosocial des hémoglobinopathies : *G. Benjelloun (15min)*
- Discussion (20min)

17h00 - 17h30

Session 3 : Histiocytose : Projet groupe d'étude sur l'histiocytose

Modérateurs : *A. Bousfiha - L. Jabri, J. Hachim*

- Conférence sur l'histiocytose : *J. Donadieu (20min)*
- Discussion : (10min)

Histiocytose
