Register Today to Hear the Keynotes at the 2022 Joint SNO/ASCO Conference on CNS Clinical Trials and Brain Metastases

The Interface of Therapeutic Targeting of Metabolic Pathways and Drug Development

Matt Vander Heiden, Koch Institute for
Integrative Cancer Research

CNS Cancer in the Context of Early Phase Drug Development

Keith Flaherty, Massachusetts General
Hospital

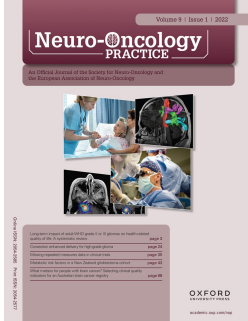

The Second Annual Conference on CNS Clinical Trials and Brain Metastases, Co-Sponsored by SNO and ASCO — an interactive, interdisciplinary conference on primary and metastatic CNS malignancies — is being held **August 12-13, 2022, in Toronto**. The goal of this annual Conference is to provide a deeper dive into the area of neuro-oncology clinical trials, to understand how we can make more significant improvements in survival and quality of life of patients with primary and metastatic cancers of the central nervous system. Optimal timing of radiotherapy following brain metastases surgery

There is growing evidence supporting the need for a short time delay before starting radiotherapy (RT) treatment postsurgery for most optimal responses. The timing of RT initiation and effects on outcomes have been evaluated in a variety of malignancies, but the relationship remains to be well

established for brain metastasis.

Educational Programming

Targeted therapy for BRAF-mutant pediatric glioma

Dr. Evan Noch interviews Drs. Kee Kiat Yeo and Matthias Karajannis about their recent manuscript entitled: "Upfront molecular targeted therapy for the treatment of BRAF-mutant pediatric high grade glioma", published online in Neuro-Oncology in April 2022. [Listen to the podcast.](#)

SNO Career Center

This Week's Featured Listing

Mayo Clinic's campus in Arizona offers a one-year clinical Neuro-Oncology Fellowship at its state-of-the-art National Cancer Institute-designated Cancer Center in Phoenix. The neuro-oncology program has three full-time neuro-oncologists, a nurse practitioner, patient nurse navigator and 2 full time neuro-oncology nurses. In addition, the fellow works with a multidisciplinary team of neurosurgeons, radiation oncologists, neuropathologist, and support staff. [Click here to apply or see other postings!](#)

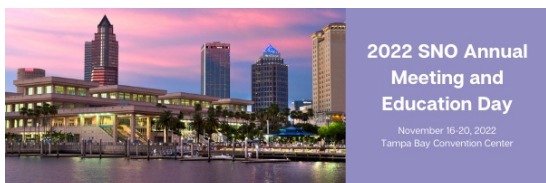

Upcoming SNO and SNO Affiliated Events

2nd Annual Conference on Clinical Trials and Brain Metastases

August 12-13, 2022 in Toronto, Canada
