JOIN SNO AND SCIDOT IN PHOENIX

The Society for Neuro-Oncology (SNO) and the Society for CNS Interstitial Delivery of Therapeutics (SCIDOT) invites you to participate in the 2019 SNO-SCIDOT Joint Conference on Therapeutic Delivery to the CNS to be held on November 20-21, 2019 in Phoenix, Arizona, in conjunction with the SNO Annual Meeting.

Building on the success of previous collaborative events organized by SNO and SCIDOT, this year's joint conference will address the multiple laboratory and clinical advances that have been made in the field of interstitial delivery of therapeutics.

Sessions will cover a wide range of topics including updates on ongoing and completed clinical trials that involve direct delivery of therapeutics to the CNS, novel devices for delivering drugs directly into the CNS, methods for monitoring delivery to the CNS, drug carriers, modeling of drug delivery, and new technologies for BBB disruption. The program will include coverage of localized therapeutic delivery for both oncologic and non-oncologic indications.

The two-day scientific program will include invited presentations from a wide range of investigators and thought-leaders in the various fields that comprise direct delivery of therapeutics to the brain, as well as oral and poster presentations of original scientific work.

We look forward to your participation at this conference, and hope that you will share with us your most recent scientific accomplishments in the area of Therapeutic Delivery to the CNS.

EXHIBIT SPACE ONLY

Exhibit spaces are available for \$2,500 each. Space is limited and will be assigned on a first-come, first-served basis.

One 6 x 2 foot skirted table and one complimentary exhibitor badge will be provided.

Exhibits will be open on both days of the Conference during breakfast, lunch, break times and during the evening poster respection. Exhibits will be located near the educational sessions and therefore exhibitors will benefit from excellent exposure to Conference attendees.

Additional equipment and services, including AV, internet access, telephone, etc., can be obtained through the hotel for an additional fee. All information regarding the installation and removal of the exhibits will be sent in due time to those companies registered for the Conference.

Please note: Exhibitors at the Conference are encouraged to also attend the 24th Annual Scientific Meeting of the Society for Neuro-Oncology (SNO) which will be held immediately following the Drug Delivery Conference. The annual SNO meeting offers an unprecedented opportunity to promote the advances in neuro-oncology made by your company to this specialized, multidisciplinary group of healthcare professionals. We anticipate that over 2400 neuro-oncology professionals will register for SNO meeting.

A credit of \$1000 will be provided to exhibitors choosing to stay for the SNO meeting.
